THE PATHWAY to an Immunotherapy Trial

Trial Applications Require
"Biopsy" + "Blood Test" + "Scan"

A prior chemotherapy treatment that has failed

Reconfirmation is typically required within 4 weeks of trial commencement
"Biopsy" + "Blood Test" + "Scan"

PATIENTS THAT DO NOT QUALIFY can often purchase the drugs off trial

MSi-high
PD-L1 Positive

ASK YOUR ONCOLOGIST
Discuss Check Point Immunotherapy options

RESEARCH YOURSELF
